Plus Four Trademarks from Quaker Oats Packages

This Quaker Cooker

We have supplied perfect double Cookers to over 700,000 homes, to make Quaker Oats more delightful. They are made to our order to bring out the fullness of the flavor and aroma.

Such a Cooker as this, if sold at retail, would cost more than most homes would pay. But our purpose requires it in every home where Quaker Oats are used, so we ourselves supply it.

Our purpose is this: To create more Quaker Oats users, by making this the best-loved morning dish.

To this end, we use queen grains only in this brand—just the big, plump grains. We get but ten pounds per bushel. That means that two-thirds of the oats as they come to us are discarded in making Quaker Oats. The result is large, luscious flakes. They make this dish doubly-delicious. Yet they cost you no extra price.

These flavory flakes have won the world to Quaker. In a hundred nations this is the favorite brand. Millions of oat lovers send thousands of miles to get it.

Our next object is right cooking, and we offer this Cooker to every home to attain it. But we supply only one to a home.

Get this Cooker next week under this special offer. You want children to delight in this vim-food. You want them to eat an abundance. The way to attain that is to serve Quaker Oats cooked in this Quaker Cooker.

Next Week 50c—But No Longer

Next week's offer is this: Send us four trademarks—the picture of the Quaker—cut from the fronts of four Quaker Oats packages. Send with them only 50 cents, check or money order preferred, and we will send the Cooker by parcel post prepaid.

For one week—for next week—we cut the payment in two. For 50c you get this big Aluminum Cooker. But this offer will not be repeated. No requests will be honored unless mailed next week.

Note the grocers who have displays of Quaker Oats featuring the Quaker Cooker.

Learn about the Cooker, and if you approve, arrange next week to get it. Please don't forget.

ENGLISH, SCIENCE AND HISTORY MOST POPULAR SUBJECTS

High School Seniors Prefer Trigonometry to Bible Study

For the purpose of ascertaining just what subjects the seniors in the high schools throughout the state were studying, Superintendent of Public Instruction J. A. Churchill recently sent out a questionnaire to all the schools calling for the schedule of subjects of all seniors. One hundred and fifty schools out of one hundred and sixty-eight Oregon standard schools sent in the information.

Of the 2,296 students who are to be graduated in June, 1,838 are studying English; 491 are studying German, 97 being in fourth year German; 271 are studying Latin, 91 being in Virgil or fourth year Latin; 1,255 are enrolled for history, of which number 1,129 are taking United States history and civics; 1,325 are pursuing a course in science while but 584 elected a course in mathematics. There are only 12 pupils out of the whole number who are studying trigonometry. One hundred seventy-two have selected manual training, 224 domestic science, 160 domestic art, 196 shorthand, 337 typewriting, 134 bookkeeping and 675 teachers' training.

In 1913 the high school course of study was revised and large freedom was then given in the choice of electives. It was feared by many that pupils would select such subjects as might give easy credits toward graduation. The result, however, shows that the majority of students are inclined to select a course at the beginning of their high school work and hold pretty closely to it throughout the four years. The following will give the subjects and the number of seniors studying each during the last semester of this year.

BODY SENT TO WOOD—
Woodburn, Ore., Mar. 22.—W. B. Townsend, who died at Forest, Ore., March 18, was sent here for burial today. The Masonic lodge had charge of the funeral. Mr. Townsend was a pioneer of this county, at one time owning the whole section of land where Townsend station stands. A widow and four children survive him.

BORN

STEINKE—To Mr. and Mrs. George Steinke, March 13, 1916, at their home, 135 Norway street, a son.

DUNLAP—To Mr. and Mrs. O. L. Dunlap, at their home, 309 Fairgrounds road, March 23, 1916, a son.

On account of the teachers of the high school taking their annual one day off for visiting purposes, is allowed by law, there will be no school Monday in the building. The teachers' training class of the high school will also do a little visiting just to see what others are doing. Accompanied by Principal J. C. Nelson, of the high school, and Mrs. Olive M. Hand, normal teacher, the class of 14 girls and two young men will go to Mouthmouth and get a few pointers from the state normal.

Rumors Fly Thick But Unconfirmed About Mexicans

(Continued From Page One.)

call militia or volunteers to guard the line.

Major General Fred Funston reported as entirely unauthenticated the story of General Luis Herrera and 2500 men going over to Villa, but officials admitted the situation presented grave possibilities. The report that Colonel Carrero, commanding 900 men, was parlaying with Villa increased official concern. Another rumor was that General Cavira at Juarez was rebellious, and that Yaquis on the west coast, and Villistas near Tampico, were active.

there. Violent bombardments were reported at many points, particularly east of the Meuse. An intermittent bombardment was recorded on the Woerwe plain.

German Take Positions.

Berlin, Mar. 23.—Strongly fortified French positions on the ridge southwest of Hancourt on the west bank of the Meuse have been captured by Germans, the war office declared today. French numbering 450 were captured.

Four Merchantmen Sunk.

London, Mar. 23.—Four merchantmen were reported sunk today, but no loss of life occurred. The British vessels Sea Serpent and Kaunok were sent down, and all hands saved. The French bark Douganville sank, its 23 sailors taking to the boats. The 2276-ton Norwegian bark Lindfield was the biggest boat lost. Its crew of 33 reached Queenstown in safety.

No Submarine Talk.

Berlin, Mar. 23.—All resolutions with regard to submarine warfare were tabled today by the committee on regulation of parliamentary business. It was believed this was done to prevent an open debate between Imperial Chancellor Von Bethmann-Hollweg and the Von Tirpitz factions.

TO MEET AT CHEMWA

The Hayesville district Sunday school convention to be held at Chemwa, March 25, promises to be a hammer.

One of the finest numbers scheduled for the occasion is "The Harvest Field," by State Secretary C. J. Phillips, of Portland.

Harold C. Stover, of Salem, will also address the assembly on "The Sunday School Challenge to the Young Man's Strength."

The ladies' double quartet, and also the male double quartet are two splendid numbers. Miss Alma Nelson, of Chemawa, will be heard in one of her sweet solos.

Prof. Pittman, of Monmouth, proposes to address the people on "Old Sunday Schools Made New," and has an excellent and most practical address prepared.

H. C. Epley, of Salem, will conduct the round table. Three other gentlemen who will assist with the excellent program are the following: Rev. B. H. Kennedy, Rev. John Orall, of Portland, Rev. G. F. Holt, of Salem.

The hours are from 10 a. m. to 4 p. m. The place is Chemawa, and the date is Sunday, March 26.

An Arabian Nights Tale of American Enterprise

San Francisco, March 23.—When the steamer Republic comes into port today another of the Arabian Nights' stories of recent shipping wonders will have been written.

The Republic was formerly the German steamer Walkure, sunk in Popeete harbor. There it lay until the shipping firm of Sudden and Christensen saw possibilities of wealth in her and sent Captain Le Curtis to salvage the ship.

There followed a record breaking engineering feat when the ship was raised, put into sailing shape and started for San Francisco.

Already an offer of \$1,200,000 is said to have been made for the ship, and refused. Sudden and Christensen paid \$250,000 for the ship in her sunk condition and the entire cost of salvage was about \$200,000.
